[Sociological theory - Wikipedia](#)

The contemporary discipline of sociology is theoretically multi-paradigmatic in line with the contentions of classical social theory. Randall Collins ' well-cited survey of sociological theory [68] retroactively labels various theorists as belonging to four theoretical traditions: Functionalism, Conflict, Symbolic Interactionism, and Utilitarianism.

Sociological theory is constantly evolving and therefore can never be presumed to be complete. New sociological theories build upon the work of their predecessors and add to them, but classic sociological theories are still considered important and current. The field of sociology itself and sociological theory by extension is relatively new. Dating back to the 18th and 19th centuries (see ...

Sociological theory viewed crime through economic models, and this assumption is called rational choice theory. For criminologists, rational choice theory has origins in sociological theoretical thought and in various perspectives on economics and markets, but, more prominently, its influences are found in the classical school of criminology.

Frontiers in Sociology provides an international, scholarly forum for the investigation of society. A utopian impulse towards imagining and building progressive societies underpins much sociological research. Frontiers in Sociology focuses on contemporary social problems, though a historical purview is key to understand the functioning and development of societies. Sociological scholarship ...

[Notes on Structural Functionalism and Parsons](#)

A. Classical and Contemporary Sociology. Beginning with Parsons and the functionalist approach to sociology we leave the classical sociologists - Marx, Weber, and Durkheim - and examine more recent sociological approaches. In Europe, Marx, Weber, and Durkheim developed the major theoretical approaches to an analysis of the social world. While they were not as comprehensive in their ...
