Reiki is an Japanese, energy-based healing technique. People who use it say it works, but research has not proven this. However, it is also not proven to be harmful. What does Reiki involve and ...

[Healing - definition of healing by The Free Dictionary](#)

Crystal Healing is a technique that is often used instead of a medical technique. Crystals are put on or around your body to start the healing process. The crystals can act as a channel for healing which can help positive and healing energy flow into the body, causing negative energy to be drawn out. They are known to have been used for prevention of disease and curing of illnesses.
