Giving pauses, though short ones really works wonders, especially when you are communicating ideas to the staff or at the workplace. Just a small break is what is required and it gives you short span of time to ponder. It has been found that rushing while communicating ideas never ever works rather it makes all the things go wrong. It is usually seen that when we hasten the things we either ...

It may help to build trust with the other person by openly communicating what your role was, and by apologizing. Don't try to blame someone else or falsely justify your actions; this is ethically wrong, and it can damage your reputation. When you deliver bad news, take care to validate the other person's emotions. If he or she says, "I'm angry!," try to show that you understand. For example ...
