Instead, a comparison between cultures may find communication differences to a greater or lesser degree. Typically a high-context culture will be relational, collectivist, intuitive, and contemplative. They place a high value on interpersonal relationships and group members are a very close-knit community. Typically a low-context culture will be less close-knit, and so individuals ...

For Kaizen to be effective there has to be a culture of trust between staff and managers, supported by a democratic structure and a Theory Y view of employees. Good two-way communications and a de-layered organisation would also support this approach. Nevertheless, some workers might see the demands as an extra burden rather than an opportunity and it can take time to embed Kaizen successfully ...
