Business rates in England, or non-domestic rates, are a tax on the occupation of non-domestic property (National Non-Domestic Rates; NNDR). Rates are a property tax with ancient roots that was formerly used to fund local services that was formalised with the Poor Law 1572 and superseded by the Poor Law of 1601. The Local Government Finance Act 1988 introduced business rates in England and Wales ...

...

A domestic partnership is an interpersonal relationship between two individuals who live together and share a common domestic life, but are not married (to each other or to anyone else). People in domestic partnerships receive benefits that guarantee right of survivorship, hospital visitation, and others.. The term is not used consistently, which results in some inter-jurisdictional confusion.
