P dS = brine-hydrocarbon displacement pressure of the seal (in psi) P dR = brine-hydrocarbon displacement pressure of the reservoir rock (in psi) It is difficult to determine the displacement pressure (P d) of a top seal. First, seal capacity is based on the presence of a single, continuous, high-P d layer, not upon an arithmetic average of all P d values. The trapping capacity is determined ...

Rock stars are generally thought of as people who threw away their textbooks and picked up the guitar because the system couldn ' t handle their ripped-up jeans and long hair. Until a college starts offering courses like Hotel Room Trashing 101 or Advanced Golden God Posturing, we're probably always going to have that impression. But contrary to popular belief, many musicians didn ' t only ...
