According to Johnson, it can be a two-way street. Some conceptual, strategic ideas that work in theory may fall apart in practice when visualised; conversely, a compelling visual solution that emerges from left-field during the design stage can feed back into stage two and help evolve the strategy retrospectively. 04. Respect a brand’s heritage

One thing's for sure: paying full tuition for a multi-year degree in Graphic Design or Visual Communication makes zero sense. Let's add it up. That's tens of thousands of dollars for prerequisites, unrelated courses, and barely-applicable theory. Then, when you

graduate, you'd have \$20,000+ in debt - and still have to learn a bevy of new technologies, workflows, and skills. And when ...
