We considered a handful of plausible adjusted estimators; however, using the same principles, other estimators can be developed. When external data are sparse (e.g. when it is collected specifically to adjust for selection bias) and only control selection bias is suspected, then study case data can be combined with external control data on the bias breaker to estimate its distribution. Using a ...

The Lancet, one of the oldest scientific medical journals in the world, published two peer-reviewed studies on the effect of the 2003 invasion of Iraq and subsequent occupation on the Iraqi mortality rate. The first was published in 2004; the second (by many of the same authors) in 2006. The studies estimate the number of excess deaths caused by the occupation, both direct (combatants plus non ...

Requirements follow a student's catalog edition (year when B.I.S. major was approved). Students must complete coursework in at least three disciplines (defined by course prefixes) in Area G and in at least two disciplines in Area H. Areas G and H should be constructed so that students take courses in distinct disciplines in each area (with some overlap expected); that is, the same prefix ...
